

PROGRAMME - CHELSEA

Summer Camp – 20 to 24/07/26 (WEEK 1)

What happens when learning a language with the Club Petit Pierrot® Programme

1. Practical language use in various contexts aids long-term retention and understanding.
2. Exposure to real situations makes the language more meaningful, easier to use and easier to memorise.
3. Children develop effective language learning strategies effortlessly.

With clear linguistic goals, every step of the morning is designed to enrich their vocabulary, oral expression and enhance their comprehension in French, without translation. Children are divided into smaller groups by age and French proficiency.

What are we going to do?

Silence, ça pousse !!

Inspired by nature and children's curiosity, we will explore the wonderful world of plants, flowers, and how things grow. Through hands-on activities, stories, and play, they will discover the magic of nature while being immersed in French in a joyful and caring environment.

Mornings will be dedicated to creative and cooking activities (arts & crafts / cooking), while afternoons will focus on worksheets, yoga, as well as sportive and language-based games.

From songs and storytelling to arts & crafts, cooking, sensory play, and creative experiments, each day is a new opportunity to learn and grow!
