

What happens when learning a language with the Club Petit Pierrot® Programme

1. Practical language use in various contexts aids long-term retention and understanding.
2. Exposure to real situations makes the language more meaningful, easier to use and easier to memorise.
3. Children develop effective language learning strategies effortlessly. . What are we going to do?

With clear linguistic goals, every step of the morning is designed to enrich their vocabulary, oral expression and enhance their comprehension in French, without translation. Children are divided into smaller groups by age and French proficiency.
