

# PROGRAMME

February half-term

## What happens when learning a language with our Immersion Programme:

1. Practical language use in various contexts aids long-term retention and understanding.
2. Exposure to real situations makes the language more meaningful, easier to use and easier to memorise.
3. Children develop effective language learning strategies effortlessly.

With clear linguistic goals, every step of the morning is designed to enrich their vocabulary, oral expression and enhance their comprehension in French, without translation

*Children are divided into smaller groups by age and French proficiency.*

## What are we going to do?

Inspired by this tale **Le loup qui voulait changer de couleur**, the children will explore vocabulary and embark on a week-long imaginary adventure led by our expert native speaking French teachers. Children will experiment with emotions, colours, and self-acceptance with interactive activities.

A week filled with fun, educational, and creative activities in French (**songs, stories, games, drama, messy play, arts & crafts, yoga, dancing...**) where children will be immersed in the language within a nurturing environment.

### Monday

⌚ Giant painting activity around the colour green.  
Children create a large, shared painting together.

### Tuesday

❖ Worksheet and collage using wool.  
Children learn about the alphabet and the days of the week.

### Wednesday

✿ Experimenting with salt dough and modelling a flower.

### Thursday

✎ Worksheet about colours and words.

### Friday

▣ Story time and a craft activity with a mirror, to talk about emotions and self-acceptance.
